

Highlands Historical Society Decorative Plaque Month

To celebrate May and the return of spring, the Highlands Historical Society has declared this Plaque Month! As you stroll around the Highlands neighbourhood you will have noticed that Decorative Historic Plaques adorn many homes and businesses. These plaques reflect the interest and support our community has for its history by identifying the year the building was constructed, as well as the original owners of the homes and businesses and their diverse occupations.

The Highlands Historical Society would like to challenge our members to see how many plaques you can locate during the month of May. When you locate a building displaying a plaque, please record the following information:

The date of the building
The building's original owner
The occupation of the original owner

Fill out the chart electronically and email to: marketing.edmontonhighlands@gmail.com

OR

Complete the entry form by hand and drop off your entry to 6526- 111 ave. (mail slot)

Each decade contains a bonus question* with a clue.

The completed form serves as an entry into a draw which will be held the first week of June. Five entries will be drawn for prizes from our local Highlands businesses. Winners will be notified by phone.

An additional draw will be made for any completed entry that is accompanied by a photo of a favourite plaque that you post on Twitter or Instagram with the hashtag #yeghighlandsplaquehunt or #yeghighlands. Please be sure to tag the Highlands Historical Society: @yeghistoricalhighlands

The deadline for both drop-off and email entries is May 31, 2020.

We look forward to hearing from you. Good luck and enjoy your research!
